June 2016

CARE Investigator Receives Award at The International Brain Injury Association (IBIA) Meeting

Congratulations to Steve Broglio, PhD, ATC, CARE Consortium PI, for the Longitudinal Clinical Study Core (CSC), for achieving the "Early Career Award for Important Contributions to the Field of Brain Injury Science."

Dr. Broglio was presented this award in March 2016, from the International Brain Injury Association (IBIA) at the Eleventh World

Congress on Brain Injury "From Cell to Society" program that was held at the Hague World Forum, in The Netherlands.

CARE PIs, Thomas McAllister and Michael McCrea, were also present at the meeting, as well as many others working in the field.

"It's an honor for sure and wouldn't have been possible without a lot of support from mentors and colleagues along the way," said Dr. Steve Broglio.

Congratulations, Dr. Broglio!

CARE Investigator Meeting

The CARE Consortium Investigator Meeting was held June 16-17, 2016, at the Big Ten Conference Center in Rosemont, IL with over 100 consortium members in attendance.

The first day of the meeting started with introductions from the nine new CARE Performance sites that recently joined the Consortium. This was followed by progress and updates from the CARE PIs, Drs. McAllister and Broglio concerning the Administrative Operations Core (AOC) and the Longitudinal

Clinical Study Core (CSC). PI, Dr. McCrea, presented an in-depth look at the Advanced Research Core (ARC). The night ended with a Consortium-wide dinner later than evening.

The second day of the meeting began with a presentation by Melissa Niceley on QuesGen Year 3 updates. This was followed by break-out sessions for the CSC and ARC, where each group engaged in discussions related to "on-the-ground" topics for each core.

The meeting ended with lunch and networking.

We would like to take this time to thank everyone for their hard work, participation and dedication.

We look forward to seeing you at the next CARE Consortium Investigator Meeting!

Drs. McAllister, McCrea & Broglio

Melissa Niceley, Sara Dalton & Ashley Rettmann

Dr. Margot Putukian, Kaitlin Riegler & Dr. Christina Master

Drs. Steve Rowson and Stefan Duma & Bret Griesemer

Dr. Chris Whitlow

Drs. Kevin Koch and Yang Wang

Dr. McAllister, Sara Dalton,
